KNOW THE HEATHER

By E. H. Sims

Does a mild winter always mean bumper crops in the summer and fall ahead?

A mild winter, contrary to what some people believe, is not necessarily the bet thing for trees and plants which produce salable products.

Some trees and plants require so many cold nights during the winter. If they do not receive this cooling process, which controls the dormant period, they are likely to produce little o bear too early, or both.

Thus an average winter is better than an extremely cold or an extremely warm one. And there has been little change in our average winter over the years—despite the fact that elderly people usually think the weather was colder in their childhood. It was slightly colder but the difference in the average winter at the turn of the century and today is relatively minor.

Go to church next Sunday!

Liberty Chapel

Visitors of Mr. and Mrs. Marvin Reynolds Sunday were Mrs. Mary Fannie Phelps, D. A. Conner, and Mr. and Mrs. Clyde Childers and Denise.

Mr. and Mrs. Percy Garrette and Mrs. Mildred Mann were the dinner guests Sunday of Mrs. Harry White, Sr., of Lynchburg.

Mr. and Mrs. Sam Thornhill visited in the home of Mrs. Lillie Garbee, of Lynchburg Sunday.

Mr. and Mrs. Lewis Spencer and daughter, of Lovingston, and Mr. and Mrs. Sidney Lawhorn, of Washington were recent visitors of Mr. and Mrs. Sam Thornhill.

Subscription rate: $2.00 a year; payable in advance.
